FEBRUARY 11, 1998 NORTHEAST BROILER/FRYER PARTS - PART I FEDERAL-STATE

Trucklot buying activity was mixed with most dealers cautious and making purchases accordingly. Offerings were limited, but more often than not adequate for current trade requirements. Demand through both retail and distributive channels was irregular as competition from other meat items was affecting overall movement. The market tone was generally steady.

National Egg Market ATLANTA, GA

FEBRUARY 11, 1998 NATIONAL EGG MARKET - AT A GLANCE:

Prices were unchanged to lower on the East Coast and in the Midwest, and unchanged on the West Coast. The market tone ranged steady to weak. Demand covered the full range and was mostly moderate, best where featured. Supplies were adequate to ample, but tight in some Florida locations. Breaking stock supplies were adequate to ample for the light demand, and prices were unchanged to lower. Light type hen supplies were sufficient for full plant schedules.

> NY Phil Frozen Eggs ATLANTA, GA

FEBRUARY 06, 1998 EASTERN REGION FROZEN EGGS, FEBRUARY 06, 1998. FEDERAL-

Prices were lower. The market tone was weak. Demand was very light to fair, mostly light. Plants focused on filling previously committed orders. Supplies were adequate. Liquid and frozen eggs (ingredients included) precessed under federal inspection in the Eastern region for the week

ending January 31, 1998 were 1% more than last week, and 4% greater than the same week last year. Raw material offerings increased and prices dropped dramatically as breaking plants showed limited

interest to purchase additional supplies.
