

BACKHOES DESIGNED FOR PERFORMANCE AND COMFORT

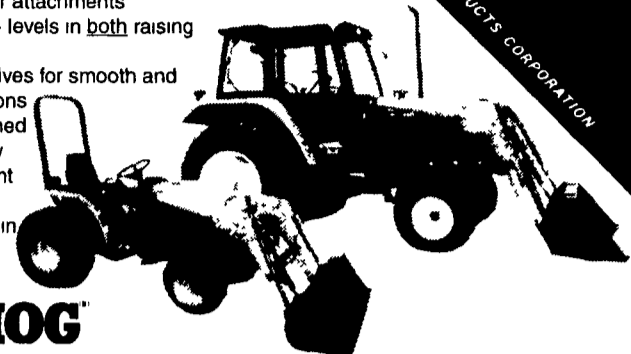

Operator comfort and performance were top priorities in the design of the new Bush Hog Series 62 Backhoes. They feature a larger operator platform with a walk through design. The control console is only 7-1/2 inches at the operator's knee. Boom and dipperstick are heavy duty, with reinforcing plates at all high stress points for long life. These backhoes are available in digging depths of 7, 8 and 9-feet, and they all have increased capacity in digging, swinging and craning forces. All new hydraulic control valves provide smoother operation with 40% less lever effort. Valves located under the platform to reduce heat and noise on the operator. Come in today and see the finest backhoes available at affordable prices.

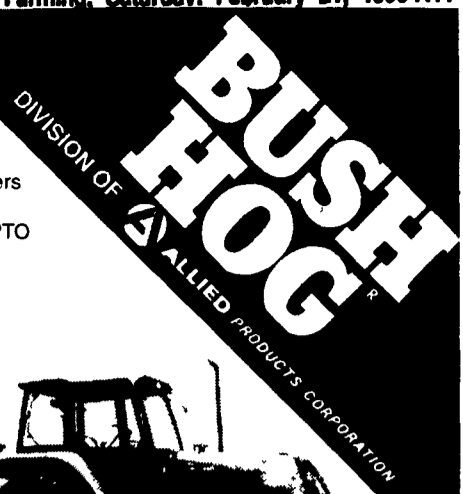

BUSH HOG

NEW FOR 1998... BUSH HOG® QUICK-ATTACH FRONT END LOADERS

- Eight new models loaded with the features that customers want for ease of use, performance and dependability
- Fits two and four-wheel drive tractors from 12 to 130 PTO horsepower - over 1500 tractor/loader combinations
 - Six colors to match tractors
 - Lift capacities from 725 to 4,635 lbs
 - Lift heights from 76 to 152 inches
 - Standard quick attach system for attachments
 - Optional hydraulic self-leveling - levels in both raising and lowering cycles
 - High quality hydraulic control valves for smooth and positive control of loader functions
 - Mounting kits are custom designed for each tractor to provide a low profile appearance and excellent operator visibility
 - Complete family of new loaders in appearance, durability and design

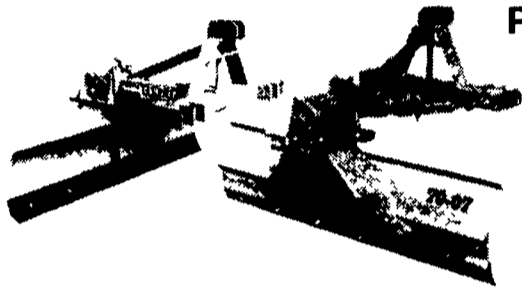

BUSH HOG

SERIES 70 REAR BLADES

QUALITY BUILT, RUGGED DESIGN FOR BETTER PERFORMANCE AND DURABILITY.

- Heavy Duty A-Frame and Hitch
- Reinforced, High-Strength Moldboard
- Durable Category I & II 3-Point Hitch
- Optional Hydraulic Offset Available

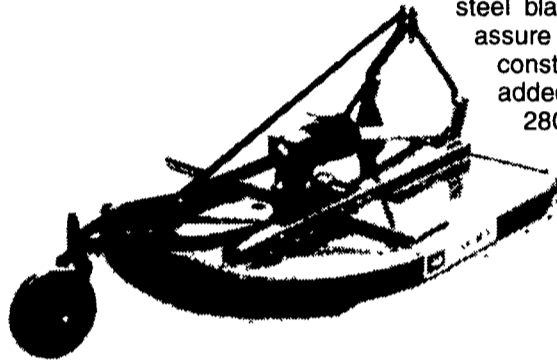

These rear blades from Bush Hog are designed and constructed to handle leveling, landscaping, and road maintenance chores, as well as snow removal and feed lot work.

Series 70 blades may be used with Category I or II 3-Point by simply moving the step-down pin to the required position. Depending upon model selection, they offer you a choice of working widths from 6 to 8-feet. Blade cutting edges are 1/2x6-inches. The 70 Series Rear Blades from Bush Hog offer outstanding performance and durability.

BUSH HOG

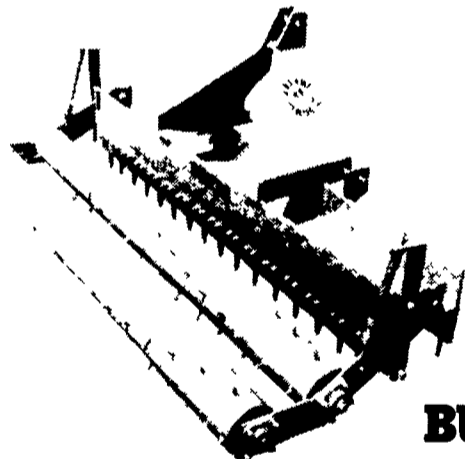

YOUR BEST CHOICE FOR ALL MEDIUM DUTY CUTTING JOBS.

Bush Hog's 280 Series Rotary Cutters are proven winners for cutting pastures, and all general purpose cutting jobs. These rugged mowers feature a one-piece formed deck construction and a cutting capacity of 2-inch diameter. A round blade holder and slip clutch are standard equipment. Free-swinging, uplift steel blades with high tip speed assure a clean cut, and rugged construction throughout means added durability. The Bush Hog 280 cutters are available in 5, 6 or 7-foot cutting widths.

BUSH HOG

PULVERIZE, SCARIFY, GRADE AND CLEAN WITH ONE TOOL

Bush Hog PV Series Pulverizers are available in a wide range of widths from 48 to 96-inches. These tools pulverize, scarify, grade and clean the soil. Soil and clods are broken, and unwanted rocks and roots are pulled away and contoured by the front teeth. These versatile tools are available with single or double rollers, and recommended for use with maximum 60 HP tractors. Come in today and see why Bush Hog PV Series Pulverizers are the best choice for soil smoothing and clearing.

BUSH HOG

WITH BUSH HOG POST HOLE DIGGERS YOU GET A CHOICE

Whether you have trees to plant, post holes to dig or large construction chores, there's a Bush Hog Post Hole Digger that will do the job. Choose the utility model 2101 and you can select 6 or 9-inch auger diameters. And with 9-inch augers double flighting is available. Choose the agriculture model 2102 and you have a choice of auger diameters from 6 to 24-inches. Or, with the rugged industrial model 2103 you not only have a selection of 6 to 24-inch augers, but also an optional down pressure cylinder that delivers 500 lbs of extra digging force. Handles are available for all models to allow any post hole digger to be positioned from the tractor seat.
