

You ask You answer

This column is for readers who have questions but don't know who to ask for answers.

"You Ask—You Answer" is for non-cooking questions. When a reader sends in a question, it will be printed in the paper. Readers who know the answer are asked to respond by mailing the answer, which will then be printed in the paper.

Questions and Answers to this column should be addressed to You Ask—You Answer, Lancaster Farming, P.O. Box 609, Ephrata, PA 17522. Attention: Lou Ann Good.

Do not send a self-addressed, stamped envelope for a reply. If we receive the answer, we will publish it as soon as possible. Please include your phone number because we sometimes need to contact the person to clarify details. We will not publish your phone number unless you request it.

QUESTION — Sandy Sheffer, Glen Rock, is looking for a recipe for homemade soap made with goat's milk.

QUESTION — Bob would like to know where to find parts for a mail air saw or a complete saw. Write to him at Bob Snyder, 1751 Woods Rd., Akron, Ohio 44306.

QUESTION — Maryanne Mæbon, Perkimenville, remembers when she was young that her mother sang a song to her that she isn't sure if it was a published song or made up. Does any one recognize and be able to add to the verses: *My Raggedy Ann is a very old doll. She lives in the attic for years. She lives in the attic for 50 long years with her shoe button eyes made of . . . ?*

QUESTION — Paul Dowie writes that he has a 50 plus piece collection of cooking and kitchen-related booklets from food producers, appliance manufacturers, and utility companies, dating from 1929, and wants to know if there is a market for these collectibles. He has photocopied a list with the name, producer, number of pages, and date if listed. Would prefer to sell the complete collection for a reasonable price. Call Paul at (610) 827-7561.

The remarkable new Millcreek Row Mulcher automates application of mulch and compost to any row crop

Apply compost and organic mulch to any row crop automatically

The versatile Millcreek Row Mulcher makes different sized mulch beds as you need from 18 to 48 wide from 1/2 to 10 deep. A mulching program can help you produce a healthier crop while reducing pesticide requirements.

From tree fruit to vegetable beds, from bramble crops to vineyards, organic mulch and compost can reduce chemical input for weed suppression, retain soil moisture, and improve soil fertility by adding organic matter to sandy and clay soils.

Now Millcreek eliminates the costly labor needed for organic mulch and compost application. The remarkable new Millcreek Row Mulcher works with all types of organic material, and even lets you adjust the depth and width of the mulch rows.

Starting under \$5000, no other machine compares when it comes to capabilities, versatility, and cost effectiveness. Rugged construction. Five sizes, from 3 4 to 13 cubic yard capacity. Custom designs. Call today for a free color brochure, or to discuss your specific needs.

Bird-in Hand, PA 17505 717-656 3050
