## "ATTENTION DAIRYMEN"

Sprung Farms of Bergen, NY and J. Elvin Glick of Quarryville, PA have been supplying area dairymen with high quality forages for years, so we would like to introduce a new type of service, "Alfalfa Balage" "Alfalfa Balage" has been around for a time now and has proven to make a great source of feed providing that the farmer gets what he pays for. To help resolve this problem we would like to introduce an "on your farm service" which would include fresh baled alfalfa in easy to use 4' or 5' round bales. 1. Delivered immediately after baling, unwrapped for total inspection of quality and pureness of product, 2. After total satisfaction has been determined, a wrapping service by one of our local area farmers would take place at any site desired by buyer, 3. We can also offer two kinds of wrapping service, either single bale, individually or tube type by state of the art new wrappers.

Because we are so sure that our product and service is second to none, we can also offer a term type payment schedule with no interest to help spread out purchase to help with cash flow. If this offer interests you please call us to talk more about this and possibly we can arrange a personal meeting.

We also still carry our full line of small square bales of hay:

1. Alfalfa
2. Timothy/Alfalfa
3. Bedding
4. Western Hay

We also have single bale individually wrapped balage available. Any size load is available.

## FEED SUPPLEMENT BLOCKS FOR THE LIVESTOCK INDUSTRY

- High Natural Protein • No Urea • Fat Enhanced
- Balanced Supplementation • Safe For All Livestock Classes

### Sweetcake Advantages

- Aids in making the best use of your available forage
- Promotes a more even herd consumption, with 24-hour availability to all cattle
- Reduces labor to save you money and give you more time to make important management decisions
- Supplies much-needed vitamins and minerals that forage lacks to help your cattle perform to their genetic potential
- Supplies fat in most formulations to enhance energy intake

### For Dairy

- Replacement heifers that grow out soundly and economically
- Body condition on dry cows so they can return to lactation, producing at the maximum potential
- Healthier herds, with essential

trace minerals that help prevent metritis, retained placenta and other health problems

- Prompt re-breeding, thanks to essential nutrients

### For Beef

- Stronger, healthier calves at birth
- Heavier Calves at weaning
- Cows that cycle better for improved conception rates

- Cows that milk better to raise a better calf

- AVAILABLE IN 200 LB. SIZE -
