PICK CORN AND CHOP STALKS

At the Same Time with the Geringhoff Rota Disc Head

The Rota Disc technique allows the corn head to draw the corn plant in quickly through the stripping system not only stripping the plant but cutting the stalk into small pieces and delivering it to the bottom of the row.

The revolutionary head saves you time and money by eliminating your stalk chopper
Here's how it works...

Visit our web site at
<http://www.geringhoff-us.com>

Fits all brand combines up to 12 row sizes!
