

Heavy Weather?

You
can be ready
for almost anything
this year with a planned
program of DuPont Extrazine® II
herbicide followed by DuPont Basis Gold®
herbicide. In extreme wet or dry weather, a
Basis Gold® program provides **reliable contact and
residual control** of grasses and broadleaves for clean corn
at harvest. There's no reason to worry whether your program will sink or
swim this year. Find out why more farmers tried Basis Gold® than any other new
program in 1997. Farm Forward! See your DuPont Ag Retailer, or call us toll free.
