WORKSAVER Power-Ram Post Driver

Work saver Post Drivers offer greater versatility, rugged construction, and effective, fast operation. The models HPD-16 and HPD-20 are built to assure long service life with minimum maintenance.

Work saver Post Drivers are designed for rugged, heavy-duty use and are built with the operator in mind. The guarded ram hammer plate protects the operator from defective posts. Hydraulic controls are located conveniently to the side to ensure safer operation of the driver.

Work saver Post Drivers are a low-cost investment that will return long-paying dividends in savings of manpower, time and money. They are also backed with a 2-year limited warranty. Add up the features and benefits, and we think you will agree that these drivers are the best buy on the market.

FEATURES:

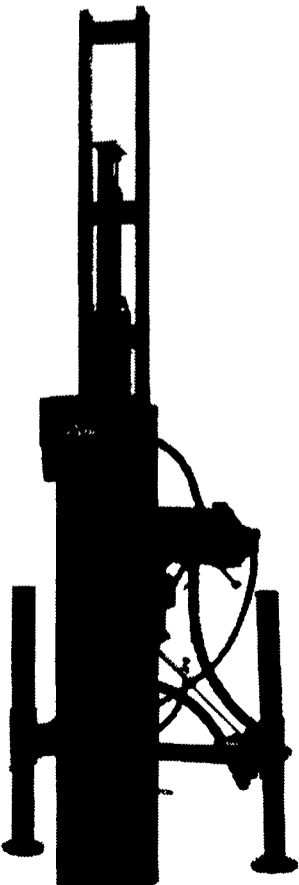

- Handles all standard size posts. Drives wood or steel posts - even railroad ties (HPD-20).
- Fast driving - up to 40 strokes per minute, depending on tractor hydraulic capability.
- Heavy impact, yet does not "mushroom" posts
- No need to point posts under most conditions.
- Equally effective on hills or flat terrain.
- Patented Slide Blocks, made of ultra high molecular weight polyethylene, offer more carriage contact surface for improved performance and longer carriage life.
- Level Indicator and easy crank adjustment for quick post alignment
- Rugged construction - main pivot and bearing points have grease zerks for easy lubrication and for long service life.
- Chrome-plated high tensile steel hydraulic cylinder rod.
- Convenient transport lock pin for road travel and storage.
- Hydraulic valve handles open or closed center hydraulic systems

Safety features: The offset valve position enables the operator to stand to the side of the Post Driver (Please read safety instructions, use post holder, and always wear safety glasses.)

OPTIONAL FEATURES:

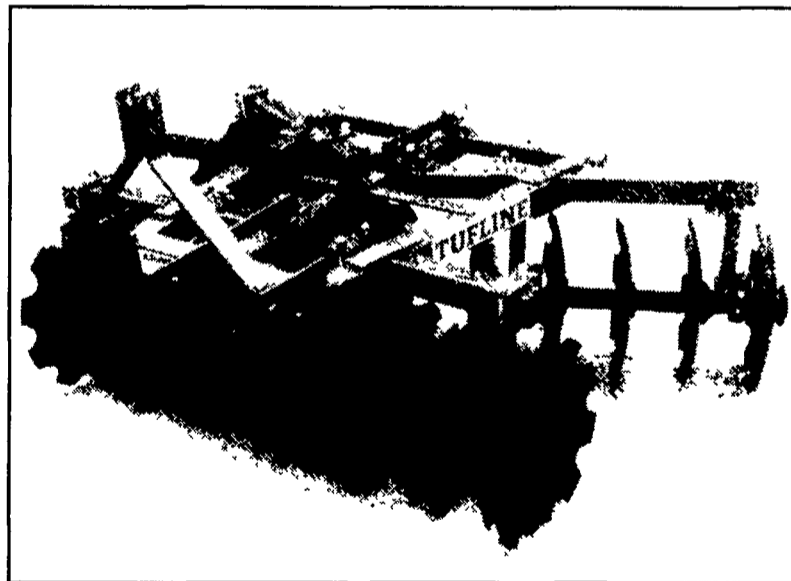

- Stabilizer legs eliminates tractor tire bounce and reduces driver movement.
- Stabilizer legs are constructed of 2 1/2"x2 1/2" tubular steel.
- Stabilizer legs are adjustable for different working heights.
- Stabilizer legs make the unit self-standing, which allows easier inside storage.

For the larger fence builder, Work saver offers optional hydraulic-adjustment center mount and hydraulic-adjustable offset mount.

Model HPD-20
 (shown with optional stabilizer legs)

MONROE-TUFLINE®

The most complete line of 3 pt. Lift Discs.

Monroe-Tufline has the widest range of small disc harrows at affordable prices. Whatever your farming needs, we can provide an economical disc for season after season of dependable service. Our 3-point lift disc harrows include rigid and adjustable gang angle models as well as hinged, folding frame models. Cutting widths range from 4' on our smaller ECO series to 15' on the larger TXXH series.

No matter what size tractor, we can match our disc to your requirements. With 7 1/2", 9" or 10 1/2" blade spacing, 4 different bearing mount options and 16" to 24" notched or plain disc blades, we will find the size that best fits your needs.
