COMPACTION COMMANDERS
NO-TILL RIPPER/DEEP RIPPER - 3-5-7 Shanks

Brillion introduces their new Compaction Commander designed to break up hardpan and compaction as deep as 20". The standard V-shaped alloy point and wear strip leaves residue on the surface with minimal soil disturbance. Auto-rest shanks with 20" of trip height allows for non-stop tillage Parabolic shanks lift and fracture the soil 39" of underframe clearance assures trouble free operation even in heavy residue

BRILLION COMMANDER SYSTEM

Versatile tillage tools such as Brillion's Soil Commander allows the use of Chisel Shanks or Deep-ripper Shanks to break up soil compaction Front disk gangs and optional rear leveling disks cut residue, breaks clods, level the field and prepare the field to absorb moisture from melting snow and to reduce soil erosion Brillion's Field Commander combined with a Brillion Pulverizer excels at creating the perfect seedbed for spring planting C-Shanks or S-Tine Shanks leave a uniform mixture of soil and surface residue for the most efficient chemical incorporation The X-Fold Pulverizer (shown below) breaks up clods, firms the soil without compacting, eliminates air pockets in the soil and levels the soil for optimal seed placement For less time in the field and better yields, go
