LAPP'S BARN EQUIPMENT

CURTAIN SYSTEMS

Lapp's Curtain System
Lapp's insulated curtains can help you make your
farm more efficient. You can save up to 30% on your
fuel/energy costs while maintaining a comfortable
climate enables livestock to feed into live weight more
efficiently, the curtain makes your barn warmer in winter
and cooler in summer.
Our curtains are available in both 4 and 6 ply, both of
which are faced with an impervious white vinyl layer
which faces the elements. With all these benefits, the
average payback is two years!
A lower cost alternative to the insulated curtains, are
Lapp's single layer curtains. You still get all the benefits
of using a high quality curtain keep the elements
outside and being able to lower the curtain to naturally
ventilate in your barn.
