Make check payable to Pennsylvania Forage and Grassland Council.

Detach this application and mail along with your check to Richard Hann, Executive Director, PFGC, P.O. Box 355, Hershey, PA 17033.

HERSHEY (Dauphin Co.) — Pennsylvania Forage and Grassland Council (PFGC) has announced new membership rates for 1998.

The Council, with your membership and support, can accomplish much toward a better forage industry, environment, and community.

It's a big challenge and the PFGC needs your help. By becoming a member now, PFGC can serve an even more active role in support of the forage industry.

The PFGC, formed in 1960, is made up of individuals and organizations that are interested in forage and grassland-based agriculture. The PFGC is dedicated to the production

and utilization of quality forage and grassland.

The PFGC works in a variety of ways to promote the industry, through publication of Pennsylvania Forage and Grassland News, through the publication of *Foraging Around*, and sponsoring individual workshops, training events, field days, Ag Progress Days, leadership, and other activities.

Every member receives the Pennsylvania Forage and Grassland News, the Hay and Forage Grower magazine, and a PFGC membership directory.

So to become part of a growing industry, use this membership form included here to sign up now.

## TUBE-LINE BALEWRAPPER

For optimum speed and efficiency patented Tube-Line Wrappers are the answer! Tube-Line Wrappers wrap a continuous row of bales. The airtight application of stretch wrap film retains moisture balance as haylage matures and prevents air infiltration. The shrink wrap also prevents wind damage and accommodates variation in bale size and shape without air gaps.

Long stem silage is better used in the animals digestive system. Feeding high quality haylage from wrapped bales can reduce or eliminate feeding grain while retaining or increasing weight gains or milk production.

Tube-Line wrappers for all round bales or large square bales are available in either manual or fully automatic models.

## AG WRAP BALE WRAPPER

Wraps Bales up to 5 ft. x 5 1/2 ft.

- 3-Point Hitch
- Hydraulic requirement 4 GPM - 2 remotes
- Pre-stretcher for plastic
- One-man operation
- Wrap on the move
- Transport bales to storage
- Picks bale up, wraps them all hydraulically
- Built in U.S.A.
