**On The Mark,
 Get Set, Grow!**

The 6100 Series Rigid And Vertical Fold Planters.

Precision farming starts with precision seed placement. And that's exactly what you'll get with the White 6100 Series planters. Our pull-type planters feature an exclusive air-metering system that's designed to singulate every seed. Its low air pressure, edge-drop seed discs and short, 18" seed drop ensure precise seed placement for maximum germination.

practices both now and in the future. They're built rugged with a massive 7" x 7" frame and strong, welded-tongue design to handle the demands of heavy residue. Add a 6900 splitter attachment for interplant capability.

This season get the planter that places each seed where it'll grow the best — and perform the best. Stop by your AGCO® White Planter dealer today.

Adaptable To Any Tillage Situation.

Our 4, 6, 8 and 12 row planters have the flexibility to meet most tillage
