**Herbert Hoover Farney** says, "I didn't think they could mix it."  
 Steve, Dale, and Herbert Hoover Farney  
 Silvery Falls Farms - Lowville, NY

Mr. Farney is talking about mixing 11.5% long stem dry hay by ration weight in the **Knight Reel Auggie 3450**, which he and his sons decided to purchase in September of 1994.

Herbert was born the day Herbert Hoover was elected president

The Farneys previously owned a three-auger Oswalt stationary unit. They state that the "old mixer tended to ball material up, especially in

wetter forages, while the **Reel Auggie 3450** 'fluffs' the ration."  
 The Farney's herd average is up about 1,000 lbs., and they have a higher protein test as well. They milk 160 Holsteins, and feed a total of 260 head. They like the low power requirement — the 390 cubic foot machine is powered by a John Deere 2030 tractor.

**3000 Reel Auggie TMR Mixers**  
 Now available in seven sizes with capacities from 147 to 600 cubic feet
