

The Solution To Your Growing Needs

With an SAE rated operating load of 2,370 lbs. (1075 kg) and a lift height of 10 feet (3.05 m), this vertical, heavy lift-and-reach machine is ideal for applications such as landscaping, recycling, masonry, general building construction and agriculture. But, don't limit it to those alone. This versatile tool carrier can be customized to fit any number of applications.

The 85XT comes standard with a 3000 psi (207 bar), 25 gpm (94.6 L/min) auxiliary hydraulic pump, and an optional 38 gpm (143.8 L/min) high-flow system is available to run high-speed attachments such as stump grinders, rockwheels and rotary tillers. Adding high-flow to your XT does not replace the standard auxiliary pump - it means you have two auxiliary systems to maximize your attachment compatibility.

The loader arms on an 85XT are the same as those on the 95XT. These durable, heavy-duty arms were designed with extra strength and rigidity to provide exceptional performance in digging applications also. As an option, the 85XT can be equipped with hydraulic attachment self-leveling.

PENNSYLVANIA'S NEWEST XT SERIES SKID LOADER DEALER

Chambersburg Farm Service, Inc.

975 South Main Street
Chambersburg, PA 17201

Local: 717-264-3533 Long Distance: 1-800-447-6830
Fax: 717-264-0728

For more than 27 years, Chambersburg Farm Service has been serving the agricultural community with Case IH equipment, parts, and service.

With a large customer base in surrounding counties and into Maryland, Virginia, and West Virginia, the friendly employees man a fleet of service trucks and operate a 20 bay repair and equipment setup shop. In addition, they stock \$2 million in parts.

Because Chambersburg Farm Service believes the customer is the heart blood of the business, and that people buy from people, every effort is made to supply what the customer needs. If for some reason they don't have the exact part in stock, their ties with the Case IH computer network allows access to parts for overnight delivery and equipment both new and used.

The mission of this farm service is to provide the agriculture community with fulfilling and satisfying service, parts, and equipment required for the success and continuity of the agricultural industry.

In 1998 Case IH awarded a "certified" status to Farm Service. We have earned this achievement based on a comprehensive analysis of our dealership. More importantly we have earned this achievement because of a strong focus to 100% customer satisfaction. Our management team has over 175 years of experience in the agricultural equipment industry and are sincerely dedicated to satisfying you, our customers.

QUALITY SERVICE, QUALITY DEALERSHIP
