HANSON Turbo Blowers Heavy Duty Augers
VAN DALE MAGNUM II Ring leader **ADVANTAGE** Parts & Service On Hand

LSC Equipment Now Available **Kernel Processor Retrofit Kit**

Put a kernel processor in your JD 3950 or 3970 Harvester.

Shown above right is a John Deere model 3970 with installation of the kit completed. Successful installations typically do not affect the horse power requirements on the tractor. Many farmers remove half of the chopper knives to result in a better milled product.

As shown above left, removing four bolts on each side of the insert, and removing the drive belts, allows the insert to be lifted out of the harvester to be replaced by the haylage chute. Note a new blower drive belt which is included with the kit.
