The remarkable new Millcreek Row Mulcher automates application of mulch and compost to any row crop.

Apply compost and organic mulch to any row crop automatically

From tree fruit to vegetable beds, from bramble crops to vineyards, organic mulch and compost can reduce chemical input for weed suppression, retain soil moisture, and improve soil fertility by adding organic matter to sandy and clay soils

Now Millcreek eliminates the costly labor needed for organic mulch and compost application. The remarkable new Millcreek Row Mulcher works with all types of organic material, and even lets you adjust the depth and width of the mulch rows

Starting under \$5000, no other machine compares when it comes to capabilities, versatility, and cost effectiveness. Rugged construction. Five sizes, from 3 4 to 13 cubic yard capacity. Custom designs. Call today for a free color brochure, or to discuss your specific needs

The versatile Millcreek Row Mulcher makes different sized mulch beds as you need, from 18" to 48" wide, from 1/2 to 10" deep. A mulching program can help you produce a healthier crop while reducing pesticide requirements

FREE Demonstration of New Soil Treatment
Limited to 25 farms Harrisburg area + parts east.
any crop - any size farm
Our equipment changes the ion charge of water to make the plants' root systems act like a magnet for nutrients.
Healthy plants grow bigger - Sick plants can recover.
The demonstration requires water, household electricity (yours or your neighbor's) and 15-20 minutes.
To schedule a demonstration, Please call John at
800/940-7383
