2, 3, 4, 6 Row PLANTERS

Accurate seed spacing and precise depth increase yield potential.

- Time-proven positive air metering system and edge drop seed discs gently singulate seeds to eliminate wasteful doubles.
- The short 18" seed drop makes seed spacing accurate.
- Consistent seed depth is assured through our independently operating walking beam gauge wheels... adjust in 1/8" increments.
- Low air pressure gently handles fragile seed coat.
- Fewer moving parts reduce maintenance and downtime.
