WITMER INDUSTRIES

Shippensburg, PA

ITS LIKE HAVING EXTRA HOURS EACH DAY.

A Case-IH Axial Flow Combine from Hooper, Inc. gives a farmer the most precious commodity of all during harvest season... time. That's because Case-IH combines have a unique rotor design which enables you to harvest in wet conditions... so you harvest longer each day. Dew in the field keeps conventional combines in the barn because a combine with straw walkers can't handle wet conditions. And, more hours in the field each day, for the entire harvesting season, means greater productivity and profit for you.

WHY HOOBER... (3 BIG REASONS)

1. Since Hooper, Inc. sells the most combines, we can offer the best finance deals.
2. Our staff has the knowledge to put you in a Case-IH combine that's right for your size operation and can customize your new combine to your crop and field conditions.
3. Hooper's revolutionary UPTIME SERVICE concept ensures peak efficiency for years to come.

Visit Hooper, Inc. and get the best combine in the business backed by the best support team in the business.

**Oh, by the way . . .
extra harvesting hours are free.**
