GEHL

The #1 Name in Feedmaking

Gehl Mix-All® portable grinder-mixers have been leading the industry for over 35 years. Whether you're feeding today's "leaner" hogs and beef, poultry, or top-producing dairy cows, look at Gehl grinder mixers for these advanced features:

- **Total hydraulic control.** The self-contained hydraulic system allows infinite speeds to power the discharge conveyor, unloading auger and infeed attachments
- **Remote controls** operate the unloading conveyor from the tractor seat or from the rear of the machine
- **Electronic scales** for precise ration weighing
- **Customize your machine** with a wide variety of options and attachments

New! PULL-TYPE Crop Processing Forage Harvester

Chop and process corn silage with one pass through the field. Gehl's high-speed grooved rolls crack kernels, break up the cob and smash the stalk. The results: 10 to 20 percent higher digestibility for significant increases in milk production.

- **Huge harvesting capacity** - utilizes up to 300 tractor horsepower
- **Eight-knife cutting cylinder** delivers length of cut up to 1 inch
- **Swing-away auger** allows access to cylinder knives, processing rolls
- **Roll assembly** is easily removable for haylage operations.
- **Processing roll gap** adjusts for varying crop conditions
