NOTICE!
Before You Store Your Planter For Winter Let Binkley & Hurst Bros. Evaluate Your Planter With an Up Time Planter Check Up

It really makes sense if you take a minute to think about it. In winter, your planter is buried behind other equipment in an unheated equipment shed or barn floor. Any questions or problems concerning use of your planter this spring are still fresh in your mind and can be addressed.

Think About It, Give Us A Call Today!

30 Point Checkup Improves Your Planters Performance
Put Your Planter In Storage **FIELD READY** and Rest Easy Between Now and Next Planter Season

Please Ask For The Planter Shop When Calling To Schedule An Appointment

Other Quality Rhino Equipment In Stock!

The Rhino SE8 and SE10 are economical rotary mowers designed to help maintain larger acreages of grass, woods, stalks, or material up to 1" in diameter.

The streamlined close-coupled design allows economical operation on tractors as small as 30 horsepower on the SE8 and 45 horsepower on the SE10. The 85 HP center gearbox and 60 HP outboard gearboxes are protected from sudden shockloads by a slip clutch on the main driveline and torque dampeners on the side driveshafts. Pan blade carriers help the unit glide over field obstacles and updraft blades with a 4 blade overlap provide a clean cut. The SE8 is available as a 540 RPM unit with either a CAT II lift or clevis pull-type hitch to fit a range of tractors. The SE10 is available with either a heavy-duty CAT II-III Q.H. or pull-type hitch for 540 or 1000 RPM tractors. The 10 gauge deck is reinforced front-to-rear and side-to-side for optimum strength. The Cat 4 main driveline and all gearboxes are fully-shielded for greater operator safety. Front and rear safety deflectors are standard equipment to help reduce the risk of damage or injury due to thrown objects. Front and rear chain guards are optional equipment. Compare and you will see why the Rhino SE8 and SE10 are excellent choices for economical wide-cut mowers.

SE8 SE10 In Stock

CY72

12' Augers

2500 BLADE (2WD, 255 PTO HP TRACTORS MAX.)

Ideal For Grading and Silage Bank Leveling

The 2500 blade is available in widths of 10' and 12' and features a massive CAT II-III three-point hitch and quick-hitch. The 12' model is rated for up to 1 7/5 PTO HP wheel-type tractors. Hydraulic adjustment of the mainframe swing, moldboard angle, and moldboard tilt is standard for easier operation. The 2500 blade features a maximum of 46" of offset for working hard-to-reach areas. The boxed-section, reinforced 1/2" x 20" moldboard, 4-1/2" solid steel kingpin, and massive hitch and mainframe ensure years of dependable service. Skid shoes, quick-tach end plates, and dual gauge wheels are optional equipment adding to the many possible uses of the 2500 blade.
