

Remove Grass Stains

LEESPORT (Berks Co.) — Most fresh grass stains can be removed simply by washing the item according to care instructions. If the stain is set or proves difficult to remove, you may need to try other treatments.

Treat the stain as soon as possible, using a commercial pretreatment product. Test the product for colorfastness by applying to an unexposed area. Let stand five minutes, then rinse. If the color is affected, don't use the product. Check the label on your laundry detergent for pre-treatment instructions. To remove any last

traces of the stain, an all fabric bleach may be necessary. Remember to check for colorfastness. Bleach the entire article following the manufacturer's instructions, then launder as usual.

Sleeping bags can usually be washed, but because many contain down or fiber filling, check the care label before cleaning. Wash the article separately on a gentle cycle. Tumble dry at regular temperature. Try adding a clean tennis ball to the dryer to fluff up the filling. If the sleeping bag is too bulky for a home washing machine, dry clean professionally.

Alicea Bucher and Joanna Warners, both of Harrisburg, participated in the 10th annual 4-H Ambassador Conference held at University Park Campus recently. As ambassadors, they will represent about 125,000 4-H members in the state and speak to groups about the 4-H and extension programs. The conference, sponsored by the College of Agricultural Sciences, included workshops on interviewing skills, media relations, and decision making.

For work, not a workout.

The Stihl Wood Boss® Chain Saw Series

- Models 021, 023 and 025
- Designed for firewood cutters
- Anti-vibration system reduces fatigue
- Excellent power-to-weight ratio
- Stihl dependability from turf to treetop
- Made in USA
