WHY BUSH HOG SQUEALERS MOW DOWN THE COMPETITION.

Each Bush Hog Squealer is equipped with Bush Hog's tough gearbox that carries a 2-year warranty. And, except for the 42-inch model, all Squealers feature oval-type blade pans. The 5 and 6-foot models have an "in line" shear pin with ball bearing protection that can be replaced in a snap. The cutter blade tips move faster for more efficient cutting. And Bush Hog quality is built into every unit.

The Squealer's popularity is price. Because when you compare the price of these tough economy cutters to the competition, you'll find Squealers cut another important thing as well - your costs. Choose from five cutting widths.

BUSH HOG

BACKHOES DESIGNED FOR PERFORMANCE AND COMFORT

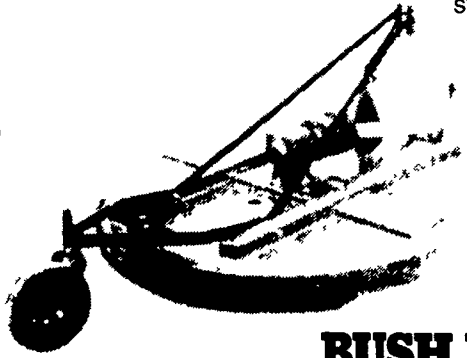

Bush Hog Series 62 Backhoes feature a larger operator platform with a walk through design. The control console is only 7-1/2 inches at the operator's knee. Boom and dipperstick are heavy duty, with reinforcing plates at all high stress points for long life. These backhoes are available in digging depths of 7, 8 and 9-feet. All new hydraulic control valves provide smoother operation with 40% less lever effort. Valves located under the platform to reduce heat and noise on the operator.

BUSH HOG

YOUR BEST CHOICE FOR ALL MEDIUM DUTY CUTTING JOBS.

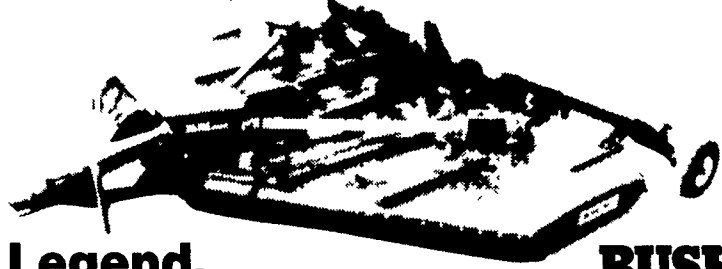

Bush Hog's 280 Series Rotary Cutters are proven winners for cutting pastures, and all general purpose cutting jobs. These rugged mowers feature a one-piece formed deck construction and a cutting capacity of 2-inch diameter. A round blade holder and slip clutch are standard equipment. Free-swinging, uplift steel blades with high tip speed assure a clean cut, and rugged construction throughout means added durability. The Bush Hog 280 cutters are available in 5, 6 or 7-foot cutting widths.
