REAR DISCHARGE FINISHING MOWER

One of Bush Hog's growing line of Finishing Mowers, the RDTH Series Mowers are available in a choice of 60 or 72-inch cutting widths. Cutting heights from 1-1/2" to 6-1/2", in 1/2" increments. Blades overlap 1-1/2" for a cleaner cut, and the spindle design is field proven for dependability. All models feature rugged, 7-gauge steel deck construction and high blade tip speeds for finer cutting action. The heavy duty gearbox has a 2-year limited warranty, and the rear discharge design provides an even discharge and distribution of material. RDTH mowers attach with a handy 3-point, Category I hitch, and are recommended for 15 to 40 horsepower tractors depending upon models selected.

BUSH HOG

NEW FOR 1998... BUSH HOG® QUICK-ATTACH FRONT END LOADERS

Eight new models loaded with the features that customers want for ease of use, performance and dependability.

- Fits two and four-wheel drive tractors from 12 to 130 PTO horsepower - over 1500 tractor/loader combinations
- Six colors to match tractors
- Lift capacities from 725 to 4,635 lbs
- Lift heights from 76 to 152 inches
- Standard quick attach system for attachments
- Optional hydraulic self-leveling - levels in both raising and lowering cycles
- Mounting kits are custom designed for each tractor to provide a low profile appearance and excellent operator visibility

ALLIED PRODUCTS CORPORATION

WHY BUSH HOG SQUEALERS MOW DOWN THE COMPETITION.

Each Bush Hog Squealer is equipped with Bush Hog's tough gearbox that carries a 2-year warranty. And, except for the 42-inch model, all Squealers feature oval-type blade pans. The 5 and 6-foot models have an "in line" shear pin with ball bearing protection that can be replaced in a snap. The cutter blade tips move faster for more efficient cutting. And Bush Hog quality is built into every unit. The Squealer's popularity is price. Because when you compare the price of these tough economy cutters to the competition, you'll find Squealers cut another important thing as well - your costs. Choose from five cutting widths.

BUSH HOG

BACKHOES DESIGNED FOR PERFORMANCE AND COMFORT

Bush Hog Series 62 Backhoes feature a larger operator platform with a walk through design. The control console is only 7-1/2 inches at the operator's knee. Boom and dipperstick are heavy duty, with reinforcing plates at all high stress points for long life. These backhoes are available in digging depths of 7, 8 and 9-feet. All new hydraulic control valves provide smoother operation with 40% less lever effort. Valves located under the platform to reduce heat and noise on the operator.

BUSH HOG

SERIES 70 REAR BLADES

QUALITY BUILT, RUGGED DESIGN FOR BETTER
PERFORMANCE AND
DURABILITY.

- Heavy Duty A-Frame and Hitch
- Reinforced, High-Strength Moldboard
- Durable Category I & II 3-Point Hitch
- Optional Hydraulic Offset Available

These rear blades from Bush Hog are designed and constructed to handle leveling, landscaping, and road maintenance chores, as well as snow removal and feed lot work.

Series 70 blades may be used with Category I or II 3-Point by simply moving the step-down pin to the required position. Depending upon model selection, they offer you a choice of working widths from 6 to 8-feet. Blade cutting edges are 1/2x6-inches. The 70 Series Rear Blades from Bush Hog offer outstanding performance and durability.
