WE BUILD AUGERS... AND WE BUILD 'EM RIGHT.

Westfield grain augers are built right from the ground up. They're designed and engineered to be tough, durable and dependable — by people whose only business is augers.

Westfield offers a choice of several electric gas or PTO drive styles (SD Model shown) in lengths from 26 to 71 feet and diameters of 6, 7, 8 and 10 inches.

Our new MK Series in 8, 10 and 13 inch models feature a simple PTO driven internal mechanical drive — powering both the main auger and intake swing hopper — plus a labour saving hydraulic lift — to make light work of grain handling chores.

When you buy Westfield, you know you're getting the best auger your money can buy.

See your Westfield dealer today for an auger built just right for you.

WESTFIELD

SMC 2408 LOADER QUICK ATTACH

For 15 to 35 HP Tractors

- 80% of Loader Removed From Tractor When Detached.
- Durability for Most Moving and Lifting Jobs.
- Neutral Charcoal Color.
- Styling Stripes Matched To Tractor Color.
- No Parking Stands Required.
- Optional Quick Release Requires No Tools.

SMC's 2408 Quick Attach Loader is computer-designed to match tractors in the 15 to 35 HP range. Its unique design allows for installing most belly-mount mowers along with the loader. It's an efficient design too. 80% of

the loader can be easily removed in less than five minutes, without the use of loose parking stands. Rugged, dependable, yet economical, the 2408 is specifically designed and built for your tractor, and your tough jobs.

WORKSAVER

Power-Ram Post Driver

Work saver Post Drivers offer greater versatility, rugged construction, and effective, fast operation. The models HPD-16 and HPD-20 are built to assure long service life with minimum maintenance.

Work saver Post Drivers are designed for rugged, heavy-duty use and are built with the operator in mind. The guarded ram hammer plate protects the operator from defective posts. Hydraulic controls are located conveniently to the side to ensure safer operation of the driver.

Work saver Post Drivers are a low-cost investment that will return long-paying dividends in savings of manpower, time and money. They are also backed with a 2-year limited warranty. Add up the features and benefits, and we think you will agree that these drivers are the best buy on the market.

FEATURES:

- Handles all standard size posts. Drives wood or steel posts — even railroad ties (HPD-20)
- Fast driving — up to 40 strokes per minute, depending on tractor hydraulic capability
- Heavy impact, yet does not "mushroom" posts
- No need to point posts under most conditions
- Equally effective on hills or flat terrain
- Patented Slide Blocks, made of ultra high molecular weight polyethylene, offer more carriage contact surface for improved performance and longer carriage life
- Level Indicator and easy crank adjustment for quick post alignment
- Rugged construction — main pivot and bearing points have grease zerks for easy lubrication and for long service life
- Chrome-plated high tensile steel hydraulic cylinder rod
- Convenient transport lock pin for road travel and storage
- Hydraulic valve handles open or closed center hydraulic systems

Safety features: The offset valve position enables the operator to stand to the side of the Post Driver. (Please read safety instructions, use post holder, and always wear safety glasses.)

OPTIONAL FEATURES:

- Stabilizer legs eliminates tractor tire bounce and reduces driver movement
- Stabilizer legs are constructed of 2 1/2"x2 1/2" tubular steel
- Stabilizer legs are adjustable for different working heights
- Stabilizer legs make the unit self-standing, which allows easier inside storage

For the larger fence builder, Work saver offers optional hydraulic-adjustment center mount and hydraulic-adjustable offset mount

Model HPD-20 (shown with optional stabilizer legs)
