

TOURS

Tickets are required for research tours. Get free tickets at the corn crib at the top of Main Street. Tickets are not needed for conservation tours, but please arrive early at the Conservation Education Area to be assured a place.

General Research

Leave from the corn crib at the top of Main Street This 30-minute tour gives you an overview of research conducted by Penn State's Departments of Agronomy, Entomology, Horticulture, and Plant Pathology and the USDA Pasture Re-

search Lab. Buses leave every 20 minutes from 10:00 a.m. to 3:00 p.m., with tours until 6:00 p.m. on Wednesday.

Potato Research

Leave from the corn crib at the top of Main Street Visit Penn State's horticulture, plant pathology, and entomology farms and see variety trials; insect and disease control studies; and uses of growth-enhancing technology, including drip irrigation, colored plastic mulch, and row covers. This two-hour tour departs at 12:30 p.m. on Thursday.

Forest Stewardship

Leave from the Conservation Education Tent This walking tour will highlight woodlot management. Forest landowners, children, and anyone interested in forests can enjoy a walk in the woods with resource professionals ready to answer questions about trees and forests. A "discovery" event will provide insights into how a forest grows and develops. Buses to the trail leave daily on the hour from 10:00 a.m. to 3:00 p.m., with additional tours at 4:00 and 5:00 p.m. on Wednesday.

Conservation

Leave from the Conservation Education Tent Learn how various conservation practices protect soil and improve water quality. See the effective use of crop residue management, contour strip-cropping, buffer strips, cropland terraces, waterways, and diversions. Buses leave daily at 11:00 a.m. and 2:00 p.m.

Wetlands and Stream Corridor Management

Leave from the Conservation Education Tent Learn how stream crossings, streambank fencing, and restored wetlands can help you better manage your streambank corridors. Buses leave at 10:00 a.m. and 1:00 p.m. daily.

Manure/Compost Pad

Leave from the Conservation Education Tent Observe a stabilized pad that can be used to store bedded pack manure or create compost. Experts will explain how this facility is constructed and maintained. This tour will be held twice daily at 10:00 a.m. and noon.

Magnum 40

Individual Indexing Parallel Stall
THE 'ULTIMATE' PARALLEL STALL FEATURING
INDIVIDUAL INDEXING AND INDIVIDUAL RELEASE...
