

# Lancaster County's NEWEST SKID LOADER DEALER

Although we have just begun marketing new John Deere Skid Steer Loaders, these products are not strangers to us. We began selling and servicing skid steers in 1973. Now, we are pleased to offer a complete line of John Deere Skid Steers and Attachments for the agricultural and commercial customer. Call today and ask for Jerry Barger.

## A Power To Reckon With

John Deere skid steers are powered by John Deere diesel engines. And that means better overall performance, quiet operation, and unsurpassed reliability.

• **3375**

## Attachments In Stock Now!

• **BACKHOES.** The Pro 911 (shown) has an exclusive dipper arm that lets you extend reach from its standard 9-feet to 11-feet. High-capacity cylinders, beefy boom, and dipperstick. The heavy-duty Pro 900 has an industrial-style boom and 9-foot digging depth. Both fit 6675 through 8875. The medium-duty 800 has an 8 5-foot digging depth. Fits 4475 through 7775.

• **BALE SPEAR.** Lifts and easily carries round bales up to 5 feet wide. Tapered design reduces drag resistance on removal from bale. Fits 4475 through 8875.

• **Steel tracks** improve performance in delicate or poor traction areas. Fit 4475 through 8875 Skid Steers.
