

THE UNLOADER FOR HIGH MOISTURE GRAINS

- Center gearing system delivers up to 2500 ft. lbs. torque to advance the auger as it hugs the floor.
- True variable pitch and progressively tapered flighting for even drawdown of grain blended from top and bottom.
- Two fixed input speeds.
- All-around heavy duty construction.
- Single 5 H.P. high-torque motor, start up rated at 15 to 20 H.P. (coupled to a double reduction parallel shaft main drive), is designed to take the shock load of up to a 25' x 88' Harvestore® structure.

THE SOLIDS SEPARATOR

(Our secret... simplicity!)
