New Case IH Grain Drills In Stock For Quick Delivery!

The Goal: Uniform Seed Distribution*

Case IH 5300 Grain Drill

Designed for precision planting in solid or extra-narrow row patterns to maximize yields

- Exclusive diagonal-tipped fluted-roll seed cups ensure uniform seed distribution

- Close-coupled maneuverability
- Large-capacity seed hopper to cover extra acres between refills.

And you get more than a precision grain drill. You can count on us for genuine, value-priced parts, professional and reliable service support, and flexible financing. Sizes in stock 20x6 and 24x6 with press wheels.

For the best in grain drills, see Binkley & Hurst Bros. Inc. for sizes in stock.

New Case IH 8545 100 Stroke Per Min. Just Arrived! CENTER-LINE DESIGN

Saves More Leaves Which Means More Milk In The Tank

The benefits of the Case International center-line rectangular baler for a smaller operation are many. Narrow transport width. Easy in-field maneuverability. Gentle handling of hay. Uniform bale shape. And, a budget-minded price.

You'll appreciate it with the first bale you make. A wide, low-profile pickup and center-line feeding mean more leaves end up in the bale, not on the ground.

And, if that's not enough, there are a number of options available. A hydraulic pickup lift, flotation tires, hydraulic density control, wagon hitch and a choice of bale chutes or hydraulic bale thrower with electric controls.

Stop in and find out more about the Case International rectangular baler.

Check out our No Interest or Monthly Payments till May 1, 1999. Ask for Landis Today!
