Each Conservation Dollar Provided by State Taxpayers is Matched by Over Nine Dollars from Hunters & Fishermen

• The sportsman's \$1.4 billion yearly contribution comes from purchases of licenses, tags, permits and stamps payment of excise taxes on their equipment and other sources

• The conservation programs managed by state agencies have returned many species to healthy, abundant populations, including the Canada goose, wood duck, wild turkey, elk and white-tailed deer

• Sportsman's dollars are also used to purchase and maintain millions of acres of wildlife habitat which is used and enjoyed by all Americans.

• Sportsman supported conservation seeks to improve the condition of all America's wildlife including hundreds of non-game species

Reference: U.S. Fish & Wildlife Service, The Wildlife Conservation Fund of America and The Wildlife Management Institute. Based on the most recent estimates provided in July 1994. Game and success at information vary.
