\$600

The next generation in conventional combining is here.

The MF 8680 Conventional takes conventional combining technology, performance, and comfort to the next level, while maintaining traditional Massey Ferguson durability and efficiency.

- **Deluxe, centerline cab** – large and comfortable with excellent all-around visibility.
- **Heavy-duty transmission** – hydrostatic drive with 4-speed mechanical transmission.
- **Innovative threshing and separating system** – high-capacity system.
- **Large grain tank and turret auger** – huge 300-bu. (10,572-L) tank and 2.2 bu./sec. (78 L/sec.) unloading rate.
- **Large, high-inertia cylinder** – maintain high throughput in heavy, tough crops and conditions.
- **Lateral header control** – automatically tilts headers up to 4 degrees to closely follow the ground.
- **More headers** – for more choice, flexibility and capacity.
- **More operating controls** – easy-to-use gauges, monitors, and logically placed controls.
- **More power** – 260 hp Cummins engine.
- **Rugged ground drive** – dual drive wheels.
- **Unique cleaning system** – more efficient cleaning and better sidehill performance
- **All-new cab** – for operator comfort and to maintain productivity. MF 8680 has a modern, spacious, quiet cab with excellent visibility. An air-ride operator's seat and large buddy seat keep the driver and passenger comfortable, while a pressurized ventilation system provides filtered, cooled or heated air.
- **Lighting** – nine halogen lights completely illuminate even the widest headers for easy viewing of your fields both ahead and behind the header.
- **Fieldstar™ yield monitor** – available for 1998.
