

# OCTOBER IS CO-OP MONTH

## WHEN IT COMES TO DESCRIBING AMERICA'S CO-OPS, THE SKY'S THE LIMIT

The nation's 47,000 co-operatives are big and small. They serve 120 million people in all 50 states. And, they're located everywhere - cities, towns, suburbs and throughout rural America.

Providing goods and services as economically and efficiently as possible is their first order of business. And as locally owned and controlled businesses, co-ops are unique because of their commitment not only to the people they serve but also to their communities.

You'll find co-ops for credit and financing, electric and telephone

service, insurance, housing, day care, health care, food, farm marketing and supply, news services, florists and much more.

For years co-op have been expanding horizons for the people they serve. In their own words: "It's just good business, and it works for the benefit of our neighbors, our communities and for our country too."

The Milk Cooperatives serving the dairy farmers in Pennsylvania, Maryland, New York and Virginia are proud to be a part of this great cooperative enterprise.
