maximum efficiency

Piston Pumps

EFFICIENCY AT ITS BEST!

Now get the best of Van Dale and Nesseth in J-STAR's heavy duty piston pump. A proven design, its hollow cast iron piston in a formed steel chamber is more dependable and efficient than other methods of moving manure to storage, and requires little maintenance. J-STAR's piston pumps also offer:

- Fast manure handling up to 50 cu ft per minute
- Easy, economical and versatile installation
- Three year warranty
- Re-New Kits to upgrade your current system

The piston's up and down stroke action opens and closes gates to draw and push manure through the pump to storage.

For a trouble free, low maintenance system that offers you maximum pumping power, look no further than the one name that says it all - J-STAR.
