

# Blair County Submits Roundup Show, Sale Results

**MORRISON COVE (Blair Co.)**  
—In August, about 60 Blair County youth paraded more than 100 animals in the show ring in front of judge Matt Sellers during the annual roundup.

Grand champion swine was shown by Megan Bert, daughter of Ernest and Ann Bert, Martinsburg. Reserve was shown by Valerie Smith, daughter of Gerald and Linda Smith, Martinsburg. The champion shown by Megan Bert was sold to First Union National Bank of Lancaster for \$5.25 per pound. The reserve shown by Valerie Smith was sold for \$3.50 a pound to Bedford Ford-Lincoln Mercury.

Lamb grand champion of the roundup went to Elizabeth Biddle, with her heavyweight lamb. Elizabeth is the daughter of Michael and Tammy Biddle, Williamsburg. Amy Brumbaugh, daughter of Dennis and Caroline Brumbaugh, Williamsburg, showed the reserve champion. At the sale, Biddle's lamb was purchased by Bedford Chrysler for \$4.75 a pound. The reserve shown by Brumbaugh was purchased for \$3 a pound by the Blair-Bedford Auto

**Outlet.**

Grand champion steer was shown by Andrew Hileman, son of Scot and Kathy Hileman, Hollidaysburg. Reserve steer was shown by Elizabeth Biddle. The grand champion shown by Hileman was sold for \$3.75 a pound to Hoss's Steak and Sea House. The reserve shown by Biddle went for \$1.15 per pound to Giant Eagle.

Grand champion carcass hog was shown by Angela Mingle, daughter of Tina Mingle, Williamsburg. Reserve was shown by Scott Bowers, son of Randy Bowers, Martinsburg. Grand champion was sold for \$1.90 a pound to DelGrosso Foods, Tipton. Reserve was sold for \$1.40 a pound to Bilger's Breeding Service, Martinsburg.

Auctioneer was Mark Glick, Reedsville. Altogether 119 animals sold for a grand total of \$53,762.

Following is a list of show placings.

Lamb grand champion of the roundup went to Elizabeth Biddle, with her heavyweight lamb. Elizabeth is the daughter of Michael and Tammy Biddle, Williamsburg. Biddle's lamb was purchased by Bedford Chrysler for \$4.75 a pound.

## Warning To Gas Refrigerator Owners

CLEVELAND, Ohio — If your propane or natural gas refrigerator is a Servel brand manufactured between 1933 and 1957, it may be endangering your life.

The U.S. Consumer Product Safety Commission (CPSC) says that these old model Servel refrigerators have caused at least 14 deaths as the result of carbon monoxide poisoning. These refrigerators continue to be used in hunting cabins, vacation cottages, and remote areas of the nation where there is no electricity, or where gas is a preferred energy source.

To protect yourself and your family from potential hazard, stop using your old Servel gas refrigerator immediately.

Over a period of time, especially if the refrigerator has not been used recently, the gas burner can be fouled by dust, dirt, rust, spider webs, or other obstructions. This can cause improper combustion of the fuel,

leading to the production of carbon monoxide, a colorless, odorless and deadly gas.

Any gas refrigerator with an improperly adjusted or partially plugged burner can produce enough carbon monoxide to kill the occupants of a cottage or house in just one night.

Symptoms of carbon monoxide poisoning include nausea, headaches and dizziness.

### Receive Cash For Servel Refrigerator

The CPSC has arranged for you to receive \$100 in exchange for your old Servel refrigerator. To qualify for the rebate, you must arrange to have your refrigerator disposed of and destroyed to ensure that the refrigerator will never be used again and place others at risk. In addition to the \$100 rebate, you will be fully reimbursed for all of your costs of disposal.

### Representatives Are Standing By

If you have a Servel gas-

fueled refrigerator, call the Servel Hotline toll-free at 1-800-782-7431. Operators are standing by 24 hours a day. Or write: Servel Rebate, P.O. Box 14874, Cleveland, OH 44114.

### Play It Safe

For year round safety:

- Any gas refrigerator should be cleaned and adjusted by a certified technician. Your nearby propane supplier may have fully trained personnel on staff to service your refrigerator, or can direct you to a certified appliance technician.

- Never start your gas refrigerator at the beginning of a season without first having it serviced.

- Always adequately ventilate any enclosed area where the refrigerator is in use. For optimal safety, keep the refrigerator permanently located outdoors in a shed or garage not connected to your home or cottage.
