**Designed for blowing into
vertical silos.**

- Available for coarse-cracking high-moisture shell corn or ear corn
- From 1,200 to 1,800 bushels per hour capacity.
- Roll lengths from 36" to 45"
- Auger discharge also available

SWEETCAKE 16NU
**FEED SUPPLEMENT BLOCKS
FOR THE LIVESTOCK INDUSTRY**

- High Natural Protein • No Urea • Fat Enhanced
- Balanced Supplementation • Safe For All Livestock Classes

Sweetcake Advantages

- Aids in making the best use of your available forage
- Promotes a more even herd consumption, with 24-hour availability to all cattle
- Reduces labor to save you money and give you more time to make important management decisions
- Supplies much-needed vitamins and minerals that forage lacks to help your cattle perform to their genetic potential
- Supplies fat in most formulations to enhance energy intake

For Dairy

- Replacement heifers that grow out soundly and economically
- Body condition on dry cows so they can return to lactation, producing at the maximum potential
- Healthier herds, with essential trace minerals that help prevent metritis, retained placenta and other health problems
- Prompt re-breeding, thanks to essential nutrients

For Beef

- Stronger, healthier calves at birth
- Heavier Calves at weaning
- Cows that cycle better for improved conception rates
- Cows that milk better to raise a better calf

- AVAILABLE IN 200 LB. SIZE -

**Announcing New Products for
Dairy, Swine & Poultry Producers.**

With the addition of our new soybean processing facility, we now offer these products to meet your nutritional needs. Manufacturing these products ourselves allows us to utilize locally grown soybeans and support our local agricultural community!

GOLDEN PRO 46 XP
This natural, mechanically extruded and expelled soybean product is experiencing great acceptance with local dairy-men. A course golden colored meal with a 6% fat content, Golden Pro 46 XP is extremely palatable. Golden Pro 46 XP is a natural way to bring the value of high by-pass protein into diets that require a lower fat level.

CRUDE SOYBEAN OIL
A product of Keystone's expelling process, this oil can be used in a wide variety of on farm applications. A natural alternative to animal fats, this oil provides needed energy in various rations.

GOLDEN MEAL 40
An 18 percent fat content along with a 40 percent crude protein makes this mechanically extruded meal product a valuable component in a variety of rations. Full fat content gives you a high level of digestible energy, while high temperature extruding ruptures the oil cells for better nutritional absorptions.

To make these products available, and to help you utilize your home raised soybeans
Keystone Mills announces its
Soybean Exchange Program

As manufacturers and distributors of Golden Pro 46 XP and Golden Meal 40, we are anxious for you to try our products. We are offering a soybean exchange program featuring these quality nutritional products.
