WHY CURTIS?

FEATURE 7 (OPTIONAL)
 GRILL MOUNTED REMOTE LIFT SWITCH
 Allows operation of lift cylinder from front of truck to assist in plow installation

FEATURE 1
 HIDE AWAY HYDRAULICS
 Our hydraulic cavity tucks away our power system. No belts and pulleys under the hood and no ugly box on the front of your truck. A 1/4" skid plate and gasketed top cover are also standard features. This system allows superior airflow to radiator and provides instant down pressure with added weight on the cutting edge

FEATURE 4
 FORMED CROSS MEMBERS
 Our modern designed mildboard features an 111 contact angle for a superior glide trip in most snow conditions

FEATURE 6
 PLATE STEEL A FRAME
 This laser cut frame system joins 3 main members for a case strength unequalled by the competitor's angle iron frames

FEATURE 3
 FOUR PIN PIVOT FRAME
 Spreads weight evenly across frame and adds support to lower section of plow

FEATURE 5
 ATTACK ANGLE
 Our modern designed mildboard features an 111 contact angle for a superior glide trip in most snow conditions
