**3 SILOS AND UNLOADERS**

**HI-MOISTURE SHELLED CORN SILO WITH HOPPER FLOOR**

**"Hi-Moisture Shelled Corn"**  
You know the advantages of hi-moisture shelled corn versus dry corn for animal feeding. So now consider the many advantages of **POURED CONCRETE** to store and protect your valuable grain. "Our 6" thick concrete walls reflect 38% of light beams, resulting in **780** times more heat-resisting ability than steel, and **25** times more insulating power than steel." "Our 6" thick walls have a very low leak potential compared to prefab silos of any kind, and a very **low** maintenance requirement." **"PROTECT YOUR CORN FROM THE HEAT"**
