 Mill  
 Footer  
 Galv. fill pipe  
 Ground level

**"Hi-Moisture Shelled Corn"**

You know the advantages of hi-moisture shelled corn versus dry corn for animal feeding. So now consider the many advantages of **POURED CONCRETE** to store and protect your valuable grain.

"Our 6" thick concrete walls reflect 38% of light beams, resulting in **280** times more heat-resisting ability than steel, and **25** times more insulating power than steel."

"Our 6" thick walls have a very low leak potential compared to prefab silos of any kind, and a very **low** maintenance requirement."

**"PROTECT YOUR CORN FROM THE HEAT"**
