**2500 BLADE  
(2WD, 255 PTO HP TRACTORS MAX.)**

**10' IN STOCK**

*Ideal For Grading and Silage Bunk Leveling*

The 2500 blade is available in widths of 10 and 12 and features a massive CAT II-III three-point hitch and quick hitch. The 12' model is rated for up to 1 75 PTO HP wheel-type tractors. Hydraulic adjustment of the mainframe swing moldboard angle and moldboard tilt is standard for easier operation. The 2500 blade features a maximum of 46" of offset for working hard-to-reach areas. The boxed section reinforced 1/2" x 20" moldboard 4 1/2" solid steel kingpin and massive hitch and mainframe ensure years of dependable service. Skid shoes quick-tach end plates and dual gauge wheels are optional equipment adding to the many possible uses of the 2500 blade.

**Check For Sizes In Stock**

**SE8 & SE10  
In Stock**

**The Rhino® SE8 and SE10 are economical rotary mowers designed to help maintain larger acreages of grass, weeds, stalks, or material up to 1" in diameter.**

The streamlined close coupled design allows economical operation on tractors as small as 30 horsepower on the SE8 and 45 horsepower on the SE10. The 85 HP center gearbox and 60 HP outboard gearboxes are protected from sudden shockloads by a slip clutch on the main driveline and torque dampers on the side driveshafts. Pan blade carriers help the unit glide over field obstacles and updraft blades with a 4" blade overlap provide a clean cut. The SE8 is available as a 540 RPM unit with either a CAT II lift or clevis pull type hitch to fit a range of tractors. The SE10 is available with either a heavy duty CAT II III Q H or pull type hitch for 540 or 1000 RPM tractors. The 10 gauge deck is reinforced front to rear and side to side for optimum strength. The Cat 4 main driveline and all gear boxes are fully shielded for greater operator safety. Front and rear safety deflectors are standard equipment to help reduce the risk of damage or injury due to thrown objects. Front and rear chain guards are optional equipment. Compare and you will see why the Rhino SE8 and SF10 are excellent choices for economical walk-behind mowers.

**900 BLADE  
(2WD, 125 PTO HP Tractors Max)**

End Plates are Optional Equipment

**8 Foot IN STOCK**

The 900 blade is available in widths of 7 8 and 9 and features a heavy duty CAT II three point hitch and CAT II quick hitch. The 9' model is rated for up to 95 PTO HP wheel type tractors. Mainframe swing moldboard angle and moldboard tilt adjustments are easily made by relocating the index pins manually. Maximum offset from the center line of the tractor is 30" for working outside dual wheels. The 900 blade features a 3" diameter solid steel kingpin and a reinforced 3/8" x 17" moldboard to withstand the horsepower of larger tractors. The circular moldboard carrier plate allows adjustments throughout the full 360 degrees of moldboard angle to help accomplish numerous jobs easily. The quick tach end plates are a helpful feature when trying to move or level bulk material including loose soil or gravel. Skid shoes quick tach end plates CAT II quick coupler bushings and a gauge wheel are optional equipment.
