GEHL

PROVEN PERFORMER

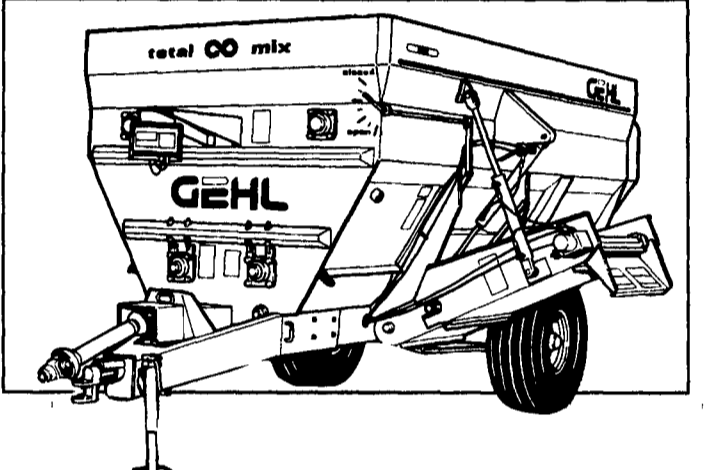

Scavenger® Spreader

Gehl's Scavenger® Spreader delivers the performance you need year after year, with increased durability and outstanding application control. All thanks to the following features.

- **Heavy-duty round core auger** with segmented paddles to blend manure. Powered both up and down to ram through heavy loads and break up bridging.
- **Special "V" tank design** to handle solid, heavy bedded, semi-solid, self-leveling and liquid manure.
- **Adjustable auger and expeller speeds** spread more types of manure.
- **Variflow™ discharge** featuring square-tooth expeller paddles for smooth, even spreading at the rate you choose.
- **Improved drive system** with heavier final drive chains and enhanced idler system

TMR "Total Mix" Mixer Feeders

"Total Mix" TMR mixer feeders let you mix more long-stemmed hay into your ration - up to 30% by weight depending on hay type and moisture content.

- **"Hay - slicer auger"** - Incorporates knife assemblies into the two bottom augers.
- **Better mixing action** - Four-auger design creates a double figure - 8 mixing pattern for fast and complete mixing of all feed ingredients.
- **Five sizes** - 150 to 455 cubic feet capacities.

FREEDOM FINANCING
