THINK CONCRETE WHEN PLANNING YOUR FEED STORAGE!!

"HOW WILL YOU BE STORING YOUR VALUABLE FORAGES AND GRAINS IN THE 21ST CENTURY?"

It's not too early to begin planning your storage and feeding systems for the year 2000 and beyond.

As margins narrow, dairymen need to invest in efficiency; this can have as great an influence on PROFIT as milk price changes.

Protect your valuable feeds from the elements... increase the efficiency of your feeds, your animals, and your labor.

ADVANTAGE ... CONCRETE

No used silos, no rebuilt silos, no preowned silos...All New For You...

"This is the kind of silo you need to protect your valuable feed."

For Equipment Sales and Service Call Randy Gayman
