# GET PRECISE APPLICATION CONTROL

New Holland side-delivery spreaders provide the most material control. Whether you're light top dressing, laying down a heavy layer, or anything in between, the Model 3110 puts the right amount of material right where you need it.

- Handles a wide variety of material – slurry, gutter material, cow manure, even poultry litter.
- V-tank design delivers material to the auger fast.
- Heavy-duty round-core auger produces less drag.
- Double-acting hydraulic cylinder moves auger up and down to keep material flowing.
- Hydraulic gate and specially designed expeller give precise application control.
- Backed by a 10-year warranty against tank rust-through.

See us for all your spreader needs.

New Holland Box Spreaders also in stock.
