| Growing Degree Days |      |
|---------------------|------|
| Season to date      | 3368 |

### Farming Forecast

Plenty of sunshine today before another significant warm-up early this coming week. Showers possible late Monday and rain on Tuesday could bring even more much-needed precipitation to the region. Things are expected to cool back down again for the second half of the week with a chance for flurries late Thursday and Friday.

### Regional Forecast

Shown is Saturday's weather. Temperatures are highs and lows for the day.
