Apply dairy bedding with 75% less time and labor

"It used to take two of us two days to install fresh bedding. Now, with the Millcreek Bedding Spreader, it only takes one man one day."

Scott Coblentz,
Deer Spring Farm, Middletown, MD

Introducing The Remarkable Millcreek Bedding Spreader

Now you can save about 75% of the time and labor for applying wood shavings, sawdust, or sand for free stall bedding. One operator can put in new bedding by himself with no hand-spreading necessary. The Millcreek Bedding Spreader is adjustable, and puts material exactly where you want it in the thickness you want. There's nothing like it for fast, efficient, and cost-effective application of bedding material in free stall dairy barns.

One man can put bedding material exactly where you want it without hand work.

Millcreek Bedding Spreaders come in 7 different sizes from 3.8 to 22 cu. yd. capacity, and start under \$5000. Call today for your free information.
