SPECIALIZING IN PRE-ENGINEERED STEEL BUILDINGS SINCE 1990

Founded in 1990 and incorporated in 1992, A S HOOVER, INC has grown rapidly for good reasons. The corporation has been recognized in two recent issues of a national industry news magazine

WHY A.S. HOOVER, INC. FOR STEEL BUILDINGS?

- A. SAFETY!** Emphasis on strength, **NO BUILDING FROM A.S. HOOVER HAS EVER COLLAPSED!**
- B. QUALITY AND DESIGN.** In addition to commercial, agricultural, and industrial applications including cranes, buildings from HOOVER have met the strict criteria of the National, State, and Township Governments, the School District, and the Philadelphia Airport
- C. PRICE!** With the most of buildings coming from the lower cost South, and hauled on backhaul, plus a high volume combined with low handling overhead, HOOVER is a leader in cost per ton of steel on the jobsite
- D. RELIABILITY!** CECO Building Systems, originally Mitchell Buildings is one of the oldest and largest metal building firms. The record of Pennsylvania German builders speaks for itself

In short, A S Hoover, Inc brings to the customer via the smaller Plain people contractors, the benefits of a larger organization while maintaining the frugality for which they are noted. With concentration on efficiency and workmanship, alcohol, profanity, and blaring radios are not permitted on the job. In addition to the volume with CECO, Dealerships are also held with KIRBY (spans to 40' on 12" purlins) and CORLE (galvanized girt and purlin systems) giving unsurpassed coverage of all applications

"A GOOD REPUTATION IS SOMETHING TO LIVE UP TO, NOT TO LEAN ON"
BUILDING YOUR BUSINESS IS OUR BUSINESS
