Fortunately,
it will never
get a chance
to earn
its wings.

Scientists call it metamorphosis. Corn farmers call it trouble. Before they grow into moths, cutworms can devastate a corn stand. Stop them with a preemergent application of Pounce® 3.2 EC insecticide from FMC. Nothing controls cutworms better. And it has a new, lower price, so nothing costs less or is more effective. Ask your dealer or custom applicator about Pounce today.
