Step 2
Farm For Profit Step 2 PLANT NUTRITION FARM FOR PROFIT TRUE SOLUTION STARTER FERTILIZER
 • Near neutral pH
 • 100% available
 • Root zone placement
 • Low salt index
 • Foliar Feeding
 Farm For Profit has established their own standard for quality Unlike many liquid fertilizers Farm For Profit True Solution Starter Fertilizer is a solution It is not just particles suspended in liquid Each drop contains the exact N-P-K ratio of the standard formulation Farm For Profit liquid fertilizer is consistent and stable and won't settle out It handles easily It can be stored indefinitely When it is applied, it flows evenly and cleanly Farm For Profit True Solution Starter Fertilizer meets our standard for quality

Step 3
Farm For Profit Step 3 VEGETABLE OIL
 1 Encapsulates the chemical
 2 Helps generate uniform droplet size
 3 Greatly reduces chemical evaporation
 4 Reduces chemical drift
 5 Increases the coverage because of its spreading and sticking ability
 6 Reduces chemical wash off
 7 Gives you better control of the chemicals
 One of Farm For Profit's main concerns is the level of soil and water pollution found today Our goal is to remove as much petroleum base material and farm chemical from the soil as possible Farm For Profit Step 3 Vegetable Oil gives us a means to reduce the level of both petroleum base materials and farm chemicals

Step 4
Farm For Profit Step 4 TRAINED FIELD PERSONNEL
The Farm For Profit Authorized Distributor or Dealer in Your Area Will
 • Explain the total Farm For Profit program to you
 • Explain the best fertilizer program for your operation
 • Suggest ways to improve the efficiency of your chemical program
 • Explain to you what other farmers have been doing to cut their operating expenses while maintaining or increasing their production output
