**10' Cut In Stock For Immediate Delivery**

**Today's Most Advanced Disc Mower Conditioner**  
**GEHL Model 2365**

Long hood for less wind turbulence for cleaner cutting in thin crop stands. A Gehl disc mower conditioner delivers exceptional cutting and conditioning, even in your most difficult crops and conditions.

Rugged high-speed cutting discs, spinning at 3,000 rpm, easily slice through down and tangled crops or dense wet undergrowth to deliver a clean cut. The cut crop is delivered to Gehl's specially designed intermeshing rubber conditioning rolls for thorough, yet gentle crop conditioning. They'll condition your crop for fast drying.

**ONLY FROM GEHL**  
The gear driven cutterbar (outlined in white) is protected. Gehl shields the cutterbar from rocks or other field obstructions with full-width skid shoes.

**Easily replaceable disc drive assemblies.** Drive stations can be removed individually for quick servicing. Bearings are sealed in grease. The patented Protectadrive™ system protects the cutterbar gear train from damage in the event of disc contact with major field obstacles.

**GEHL Quality New Gehl Machines**  
**Ask About Special Financing Plans**

**THE ALL-NEW SL 4635 & 4835**

**GEHL'S EXPANDED "35 SERIES" Now More Versatile Than Ever!**

Gehl's all-new "35 Series" line offers the most advanced design in skid loader history. Now with increased lift and unsurpassed visibility, plus more power, they handle a broad range of applications. The line includes two new models - the SL 4635 and 4835. Highly maneuverable with exceptional stability, they get the job done in tight confines. Like all "35 Series" skid loaders, they offer built-in features for easy maintenance and user comfort. Reliable and efficient, Gehl will match your skid loader needs.
