Our experience shows.

Top quality hay requires timely handling. The proven reliability of the Massey Ferguson 300 Series tractors helps ensure you will get to the field on time, and stay there without breakdowns until the job is done. Cool-running Perkins diesel engines develop the high torque at low engine

rpm needed for efficient mowing, raking and baling. Choose from a variety of transmissions, each of which delivers maximum productivity. These 55-95 PTO horsepower workhorses are available in footstep models or with a quiet, comfortable Hi-Line+ cab on most models. Add a loader and an MF 300 Series tractor can

handle your bale moving chores with ease, too. Massey Ferguson* has been the world's best-selling brand of tractors for 32 years. See why with a test-drive today at your local MF* dealer.
