*Subject to dealer participation

The corn cracker can be changed in just 5 minutes to switch from corn to soy. The Jaguar's efficient processing produces quality silage for higher milk production.	The operator can safely sharpen the chopping knives and precisely adjust the shear bar from the driver's seat automatically.
Service is no heavy chore because compartment covers quickly swing open to provide easy access to the engine and cooling system.	The Jaguar's unique top-to-back cooling system with rotary air screen assures excellent clean cooling.
