EASTERN REGION FROZEN EGGS, JUNE 25, 1999. FEDERAL-STATE

All prices were lower, and the majority of trading occurred at the high side of the stated ranges for all categories. The market tone was weak, and yolk products were in the weakest position. Demand continued light to moderate. Liquid and frozen eggs (ingredients included) processed under federal inspection in the Eastern region for the week ending June 19, 1999 were unchanged from last week, and 5% more than the same week last year. Shell egg supplies were mostly ample.
