## YOU CAN PRODUCE MORE MILK BY SUPPLYING MORE WATER

**CONCRETE Problems? Ritchie Solutions.**

**54" and 90" Units Available**

**Rugged Construction**

The WaterMaster from Ritchie is built for long life...and we'll guarantee it for 10 years

**Dependable, Economical Water Delivery**

Sealed urethane foam insulation protects water from cold, allowing the unit to operate longer before the constant flow is turned on, creating a reduction in water waste

**Easier to Maintain**

WaterMaster fits over an existing stem wall and unlike concrete is lightweight and easy to install. Built-in over-flow and drain eliminates troublesome standpipes. Durability, easy maintenance and reliability - with less water waste. All backed by 75 years of dependable service. Guaranteed. Just ask a user, then...

**ASK ABOUT OUR MANY MODELS IN STOCK! ELECTRIC OR ENERGY-FREE**

**DISCOVER**

**Real Versatility... An Electric-Free Fountain from Ritchie**

Our unique disc-shaped closure could make the Ritchie Thrifty King the most versatile fountain on the market. Unlike a ball closure, our disc "lips". The higher water level means livestock don't have to lean in so far to drink. That makes drinking easier for smaller animals and with our tapered opening, it's easier for larger animals too. Water both from the same unit.

**Buy a Ritchie and Relax... Your Water's Worth It!**

**Ritchie**  
Ritchie Industries, Inc

**Introducing the all new Ritchie WaterMaster 72/144**

The 144" model holds a maximum of 52 gallons of water and will flush/drain clean in 60 seconds! Large 3" drains are located at each end. The complete fountain will fill in 78 seconds at 50 PSI. A single 72" model will water 125 head of dairy stock or 250 head of beef cattle. These capacities double with the 144" model.

A rotocast polyethylene body features thick urethane insulation. Each 72" unit has 6 recessed heavy web anchors.
